SUMMARY

Results-driven Software Quality Assurance (SQA) Engineer with a strong foundation in computer science and hands-on experience in manual and automated testing. Skilled in test case design, API validation, and bug tracking, with a focus on delivering high-quality, reliable, and user-friendly software. Passionate about continuous learning and improving software quality through structured testing practices.

SKILLS

- **Testing & QA Tools:** Manual Testing, Automation Testing (Selenium WebDriver), Test Case Design & Execution, Test Scripting, Reporting & Documentation, Test Framework Development (Basic), API Testing (Postman), Debugging (Chrome DevTools)
 - **Programming & Databases:** C++, Java, Python, HTML, CSS, JavaScript, SQL Queries, MySQL, MongoDB
 - **Technical & Other Skills:** Object-Oriented Programming (OOP), Responsive Web Validation, UI/UX Testing, Git & GitHub, REST APIs
-

PROJECTS

Web Application Testing – E-Commerce Website

- Designed and executed test cases for product browsing, cart, and checkout workflows
- Performed functional, regression, and usability testing
- Identified bugs and reported them with detailed reproduction steps

Automation Testing – Login & Registration System (Selenium, Java)

- Developed automated test scripts using Selenium WebDriver
- Validated login, signup, password reset, and session handling
- Implemented data-driven testing for multiple test scenarios

API Testing – RESTful Services (Postman)

- Tested REST APIs for CRUD operations and authentication
- Validated response status codes, JSON structure, and error handling
- Created collections and automated test scripts in Postman

Database Testing – Student Management System (SQL)

- Verified backend data integrity using SQL queries
 - Tested CRUD operations and database consistency
 - Validated relationships and constraints in database tables
-

EDUCATION

Bachelor of Science in Computer Science (Graduated)

Muhammad Ali Jinnah University

CGPA: 3.41

CERTIFICATIONS

- SoftwareQuality Assurance (SQA) Fundamentals
 - Manual Testing & Bug Tracking (JIRA, Trello)
 - API Testing with Postman
 - Three Merit Awards for Academic Excellence
